## Introduction

Thank you for purchasing this Airing Indoor Bluetooth Speaker product. This product has been manufactured with the highest standards of safety and quality. Traditionally designed adds elegant wooden box, 8Wats x 2 SAT, 15W Woofer, you surely will enjoy using this speaker !

## Features

- Simple design for displaying on shelf
- Solid wooden flourishing with piano painting
- Bluetooth Class 2, transmitting / receiving working distance up to 10m
- Support Bluetooth V2. 1
- Supports A2DP Bluetooth wireless audio profile for use with iPhone, iPod touch, iPad and other Bluetooth enabled devices
- 8W x 2 Stereo speaker output power + 15W Woofer to enrich bass sound quality
- BQB approved and fully compatible with other Bluetooth enabled devices

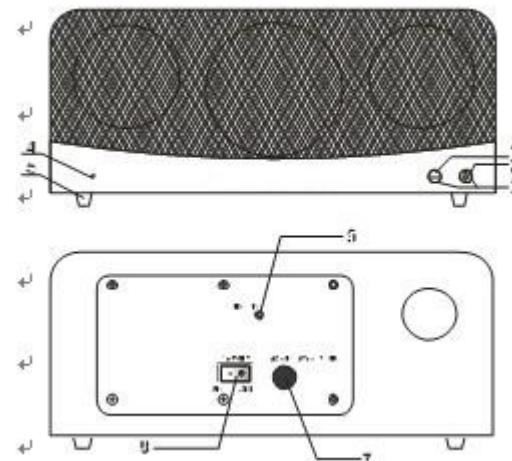

## Bluetooth Wireless Communication Technology

Bluetooth is a standard of close range radio-communication technology that was drawn up by Ericsson, IBM, Intel, Nokia and Toshiba. With Bluetooth technology, we can achieve the highest transmission rate among cell phones, computers, printers, PDAs and other devices. The maximum transmission range of class II is 10 meters while the maximum transmission ranges of class I can reach up to 100 meters.

## Parts Included in the Box

- A. Bluetooth Speaker (x1)
- B. AC adapter (x1)
- C. Line-in cable (x1)

### Overview:

1	<b>VOL -</b>
2	<b>VOL +</b>
3	Bluetooth LED indicator
4	Power LED indicator
5	Soft cushion for supporting the speaker
6	3.5mm line-in jack
7	Power cable connected with speaker
8	Power on/off button

## Operation Instruction

### 1. Switching on/off AIR03

Function	Operation	LED indicator
Switching on AIR03	Switch power on/off button to on	Bluetooth LED indicator is on
Switching off AIR03	Switch power on/off button to off	Bluetooth LED indicator is off

#### Remarks:

- ◆ Every time AIR03 is switched on, it will enter pairing mode automatically.
- ◆ Power LED indicator is on as long as AIR03 is switched on.
- ◆ You can switch off AIR03 to disconnect from the Bluetooth device.

### 2. Pairing AIR03 with Bluetooth devices

#### A. Pairing with a Bluetooth cell phone

Please make sure your cell phone is Bluetooth-enabled. Specific pairing steps may vary with different cell phones. Please refer to the user manual of your cell phone for further information. The general pairing steps are as follows:

- a) Keep AIR03 and Bluetooth cell phone within 1 meter when pairing.
- b) Switch on AIR03 to let it enter pairing mode (Bluetooth LED indicator flashes).
- c) Switch on your cell phone's Bluetooth function and search for Bluetooth devices. After the search is completed, select "AIR03" from the Bluetooth device list.
- d) According to indication, enter password or PIN No: "0000" and press "Yes" or "confirm".
- e) After successful pairing, select "AIR03" from the Bluetooth device list and press "connect". The Bluetooth LED indicator will remain on when connected successfully.

#### B. Pairing with a Bluetooth stereo transmitter

Different Bluetooth transmitters have different pairing ways. Please refer to the user manual of your Bluetooth transmitter for further information. The general pairing steps are as follows:

- a) Keep AIR03 and Bluetooth transmitter within 1 meter when pairing.
- b) Switch on AIR03 to let it enter pairing mode (Bluetooth LED indicator flashes).
- c) Switch on your Bluetooth transmitter and let it enter pairing mode.
- d) The transmitter will search and connect with AIR03 automatically. After successful connecting, the Bluetooth LED indicator of AIR03 will remain on.

#### Remarks:

- ◆ If AIR03 is switched on and doesn't connect to any devices, it keeps pairing mode all the time and Bluetooth LED indicator flashes.
- ◆ AIR03 will return to pairing mode automatically after disconnecting from a Bluetooth device.

### 3. Music Playback

#### A. Connecting with a A2DP cell phone or Bluetooth transmitter

- a) Connect your cell phone or Bluetooth transmitter with AIR03.
- b) You can listen to your music from AIR03 now when playing it back.
- c) Press **VOL+** to turn up the volume, press **VOL-** to turn down the volume.

#### B. Connecting with a non-Bluetooth music player

- a) Connect your music player with AIR03 by using a 3.5mm to 3.5mm audio cable.
- b) You can listen to your music from AIR03 now when playing it back.

## Remarks:

- If there is an incoming or outgoing call while AIR03 is connected to your cell phone for music playback, it will pause at once and resume after the call ended.
- When AIR03 is connected to a non-Bluetooth audio device, the Bluetooth is off and the Bluetooth function will not be available. If you want to play music from a Bluetooth device you have to unplug the 3.5mm audio cable first.

## Maintenance

Read the following recommendations before using AIR03. Following these you will be able to enjoy our product for many years.

- Keep it dry and don't take it to damp places so as to avoid the product's internal circuit being affected.
- Keep the product away from direct sunlight or hot places. High temperatures will shorten the life of electronic devices, destroy the battery or distort certain plastic parts.
- Don't expose the product to cold areas. It may damage the internal circuit board.
- Don't try to disassemble the product as it may get damaged if you are not professional.
- Don't let it fall down onto the floor or other hard surfaces. The internal circuit might get damaged.
- Don't use intensive chemical products or detergent to clean the product.
- Don't scratch the surface with sharp things.

## Product Registration

- Thank you for purchasing Airing Indoor Bluetooth Speaker. Please register your product at [www.airing.nl](http://www.airing.nl) for your warranty.
- Please reference your item# (AIR03) and/or UPC (851489004030) to register it.
- For technical assistance and more information, please feel free to contact UniStrong technical support or customer service at [www.airing.nl](http://www.airing.nl).

## Limited Warranty

The manufacturer warrants this product to be free from defects in materials and workmanship for a period of one (1) year from date of purchase. This warranty applies only to the original consumer purchaser and only to products used in normal use and service. If this product is found to be defective, the manufacturer's only obligation, and your exclusive remedy, is the repair or replacement of the product at the manufacturer's discretion, provided that the product has not been damaged through misuse, abuse, accident, modifications, alterations, neglect or mishandling. This warranty shall not apply to any product that is found to have been improperly installed, set-up, or used in any way not in accordance with the instructions supplied with the product. This warranty shall not apply to a failure of the product as a result of an accident, misuse, abuse, negligence, alteration, or faulty installation, or any other failure not relating to faulty material or workmanship. This warranty shall not apply to the finish on any portion of the product, such as surface and/or weathering, as this is considered normal wear and tear. The manufacturer does not warrant and specially disclaims any warranty, whether expressed or implied, of fitness for a particular purpose, other than the warranty contained herein. The manufacturer specifically disclaims any liability and shall not be liable for any consequential or incidental loss or damage, including any labor/ expense costs involved in the replacement or repair of said product.

## Trouble Shooting / FAQ

<b>Problem/Question</b>	<b>Solution/Answer</b>
AIR03 cannot be powered on.	<ol style="list-style-type: none"> <li>1. Make sure that the DC cord is firmly connected to the unit and that the power outlet is turned on.</li> <li>2. Ensure that the Power ON / OFF switch is at ON position. When the speaker is powered ON, the Power LED Indicator will be lighted up.</li> </ol>
AIR03 cannot connect to a Bluetooth device.	<ol style="list-style-type: none"> <li>1. Ensure AIR03 already entered pairing mode.</li> <li>2. Ensure the Bluetooth device is in the effective working range.</li> <li>3. Delete the AIR03 name entry from your Bluetooth device paired memory list and re-pair your device with AIR03.</li> <li>4. Ensure that both your Bluetooth device and AIR03 are not connected to any other devices.</li> <li>5. On some Bluetooth device, you may need to select AIR03 as your default output device after pairing is completed.</li> </ol>
AIR03 is connected to a Bluetooth cell phone but doesn't play music.	<ol style="list-style-type: none"> <li>1. Ensure your cell phone supports Bluetooth A2DP or AVRCP profile.</li> <li>2. Ensure your cell phone is in the effective Bluetooth working range.</li> </ol>
The sound of AIR03 crackles or has a loud hum or buzzing.	<ol style="list-style-type: none"> <li>1. Turn your Bluetooth device or other source component's volume down.</li> <li>2. Unplug the power supply and connect AIR03 to a different AC outlet.</li> <li>3. Move unit away from potential sources of interference, such as microwave ovens, fluorescent lights, etc.</li> </ol>

## Trouble Shooting / FAQ

Problem/Question	Solution/Answer
AIR03 has no sound.	<ol style="list-style-type: none"><li>1. Verify that the volume is not muted.</li><li>2. Verify that there is no other device connected to AIR03.</li><li>3. Check the connection between your Bluetooth device and AIR03.</li><li>4. Try restarting AIR03 or your Bluetooth device.</li></ol>
How far is the effective range between AIR03 and a Bluetooth device?	According to the Bluetooth standard, the maximum controllable range of Class II speaker is 10 meters. But it varies under different environments and depends on the paired cell phone.
What is A2DP?	A2DP means the Advanced Audio Distribution Profile. It's a Bluetooth profile that allows for the wireless transmission of stereo audio from an A2DP source to an A2DP receiver.
What is AVRCP?	AVRCP means the Audio/Video Remote Control Profile. It's a Bluetooth profile that allows Bluetooth devices to control media playback on remote devices. It's typically used with A2DP devices for next/previous track selection and pause/play functions.
